EDUCATION

Texas A&M University

B.S., Computer Engineering

August 2021-Present

TECHNICAL SKILLS

Programming Languages: C++, Python, HTML/CSS, JavaScript, Typescript

Hardware Technologies: ArmV8, Verilog

Frameworks: React, Bootstrap

Other: MS Office, LaTeX, Git, AutoCAD

PROJECTS

Weather Application

September 2023

Technologies Used: Angular, TypeScript, HTML/CSS, Weather API

- Engineered a real-time weather dashboard using Angular, leveraging TypeScript and HTML/CSS for a responsive and intuitive user interface. Integrated with a Weather API to fetch and display up-to-date information.
- Optimized Application Performance: Leveraged Angular's built-in optimizations to reduce load times and enhance the overall user experience.

Phone bay, E-Commerce Website

June 2023

Technologies Used: React, React-Bootstrap, TypeScript, Context API

- Architected and Developed User Interface: Designed and implemented a responsive UI using React and Bootstrap with the goal of enhancing user navigation and shopping experience.
- Routing and Navigation: Utilized React Router for efficient page navigation, enabling users to browse different sections such as Home, Store, and About seamlessly.

ShohaibAI, AI Chatbox

October 2023

Technologies Used: Django, Bootstrap, HTML/CSS, JavaScript, OpenAI API

- End-to-End Development: Spearheaded the comprehensive development of the AI chatbot, employing Django for robust backend architecture and JavaScript to facilitate dynamic frontend interactions.
- API Integration: Seamlessly integrated the OpenAI API to infuse the chatbot with real-time AI-driven responses, enriching the user experience. Leveraged Django's inherent capabilities to manage and process user queries for the API.
- Optimization and User Experience: Designed a responsive chat interface with dynamic text box resizing for user convenience. Incorporated AJAX to enable asynchronous data fetching, providing users with a continuous and uninterrupted chat experience.

EXPERIENCE

Nordstrom - Dallas, Texas

May 2022 - January 2023

Salesperson

- Generated over \$100,000 in sales revenue, exceeding monthly targets and contributing to store profitability.
- Delivered exceptional customer service by listening to customer needs, offering personalized product recommendations, and resolving issues to ensure customer satisfaction.
- Utilized POS systems and CRM software to efficiently process transactions and maintain accurate customer records, streamlining sales processes and enhancing customer engagement.
